

WL8-L**Wireless Light Annunciator**

The wireless light annunciator WL8-L provides illuminated escape and directional signs for use in emergency situations, including LEFT, RIGHT, EXIT, and other configurable signs.

WL8-L is compatible with ARGUS SPECTRUM control panels. During an emergency event, the annunciator receives activation commands wirelessly from the control panel directly or through compatible translator and expander modules.

**Features and benefits**

- Bi-directional wireless communication
- Fully intelligent
- 10-year battery life
- 5 years product warranty

Technical specifications

Communication range with the translator or expander (open space)	1200 m
Operating frequency	868 MHz
Modulation type	FSK
Operating frequency channels	6
Battery life (rechargeable battery):	
Primary battery (type CR123A)	8 – 10 years
Secondary battery (type CR123A)	6 – 12 months
Dimensions	305 mm x 213 mm x 35 mm
Weight	680 g
IP rating	IP43
Max tolerated humidity (no condensing)	93% RH
Operating temperature range	From –30 °C to +55 °C

Warranty

All devices are supplied with the benefit of a limited 5 years warranty (the warranty period does not apply to batteries). This warranty is invalidated by mechanical or electrical damage caused in the field by incorrect handling or usage. Product must be returned via your authorized supplier for repair or replacement together with full information on any problem identified.
