

ARG-WL8-WCP wireless weatherproof manual call point

The wireless manual call point is a fully intelligent device compatible with all Stretetz Translator and Expander Modules. The unit has a resettable plastic element that stays in the activated position once it's pushed. A key is supplied with the MCP for resetting and opening the case. The device is waterproof and can be installed outdoors.

Communication between the detector and the translator / repeater modules is wireless, via the Stretetz bi-directional protocol.

**Features and benefits**

- Waterproof case
- Bi-directional wireless communication
- Fully intelligent
- 10-year battery life
- Self-optimizing wireless frequency and amplitude algorithms
- High reliability
- 5-year product warranty

Technical specifications

Communication range with the translator or repeater (open space)	1200 m
Operating frequency	868 MHz
Modulation type	FSK
Operating frequency channels	6
Battery life:	
Primary battery (type CR123A)	8-10 years
Secondary battery (type CR2032)	6-12 months
Dimensions (Including adaptor wall base)	105 mm x 100 mm x 45 mm
Weight	200 g
IP rating	IP66
Max tolerated humidity (no condensing)	95% RH
Operating temperature range	From -30 °C to +55 °C
Communication range with the translator or repeater (open space)	1200 m

Warranty

All devices are supplied with the benefit of a limited 5 years warranty (the warranty period does not apply to batteries). This warranty is invalidated by mechanical or electrical damage caused in the field by incorrect handling or usage. Product must be returned via your authorized supplier for repair or replacement together with full information on any problem identified.
