

### **Conflict Minerals & Material Purchase Policy**

Argus Spectrum International is committed to ensuring that all components are ethically sourced and do not contain minerals sourced from areas of Central Africa that may be involved in human rights abuses.

Suppliers to Argus Spectrum International are required to demonstrate and confirm that conflict materials (tin, tantalum, tungsten, gold) are not contained in any component, product or materials shipped.

A handwritten signature in blue ink, enclosed within a blue oval. The signature is cursive and appears to read "Sergey Levtchouk".
